

CUT AND PASTE FUN

1. What is paper made out of?
2. Name 10 uses of paper?
3. Name 3 kinds of glue.
4. Should you use any scissors for paper cutting & why not?
5. What is a “collage”?
6. What materials can be used for CUT AND PASTE FUN?
7. Make a paper project:
 - a. by tearing paper shapes
 - b. by cutting paper shapes
8. Make a felt or cloth project:
 - a. nature object (flower, animal)
 - b. your own choice (bookmark, etc.)
9. Make a “collage” picture with various materials.
10. Make a paper bag “toy” or other 3 dimensional object.

HELPS:

5. Collage: various flat materials pasted on a picture surface or support. To form a design, use white glue or acrylic polymer (if thinning, take 1 part glue, 1 part water).
