

DANGERS!

1. Name at least 5 dangers that we all face today.
2. Name at least 3 things we can do to be prepared for them.
3. Draw or color three pictures about the dangers of today.
4. a. If someone is hurt what is the first thing to do?
b. What should be done next?
5. Why is it always safer to do things with a friend or group rather than alone?
6. Learn to use a code word with your family members in case of trouble.

State Farm Insurance has a fire safety video and worksheets that are very good.

Red Cross office has good info.

Parents: In an emergency, it may be necessary for your child to be picked up by someone he or she has not met or may not recognize. To avoid confusion, decide on a secret password (code word) with your child. Caution your child always to ask for that password before accepting a ride from a stranger. And, remember to let any emergency driver you authorize in on the password.

Check with the American Red Cross office and insurance companies for safety videos and worksheets.

HELPS:

1. Hail storm, electric storm, hurricane, tornado, thunderstorm, flood, earthquake, fire in house or school, blizzard, and child abuse.
- 2.a. Pray.
b. Stay calm
c. Phone 911
d. Learn about the various emergencies so you will know what to do when one arises.
- 4.a. Call 911 to get help.
b. Keep some one with the person while another goes for help.
5. It is safer to do things with a group because if someone happened to get hurt, there would be somebody else to go get help.
6. If you happen to get into trouble with a burglar for example, you will be able to alert your family by using a code word that nobody else will know.
