A DVD will be available to all who would like a copy. If you take pictures or video, please share with us, so that the DVD can have as many memories as possible. Please contact Ada Gomez at aca64@sbcglobal.net for more information.

Keene Ft. Worth Area Campout “In His Hands”

West Lofers Bend, Lake Whitney
March 23-25, 2007

Camping Etiquette

- Respect other's rights. Don't walk across another camper's site-walk around it. Limit play of noisy games to the campground's playground or recreation area.
- Obey the campgrounds quiet hours. Voices, radios and other noises carry further than you might think on a quiet night. Quiet time is 10:00 p.m. for all Corps of Engineer Parks.
- Pack-in what you pack out. A good rule is to leave your campsite cleaner than you found it.
- Don't cut living trees for firewood. Know the campground's rule on finding your own wood or buying it. West Lofer's Bend requires you to bring your own wood. All fires are to be kept in the fire rings, no exceptions.
- Campground facilities exist for the benefit of all campers. Help keep them clean! Pick up trash even if it is not yours.
- Do not wash dishes in lakes or streams. Waste water should not be dumped in a lake, stream.
- Know and respect the campground's rules, even if you don't understand them all. The rules have been established to protect and respect the rights of campers, the campground and the environment. A list of West Lofer's Bend Campground rules will be available upon arrival.
- No Pets are allowed on the campout. **There will be a \$50.00 fine to any club with pets present.**
